## *Introduction*

In compiling the yearbook for the graduating class of 1936, the editors chose a Wild West theme, to be used incidentally in the book as a unifying element. They deemed the independent existence of American cowboys symbolic of the carefree vein that enlivened our Alma Mater days. Through suggestive cartoons and phrasings, one receives occasional glimpses of six-gun desperadoes, of the breathtaking swirl of rawhide reatas, and of weird coulees where the plaints of dogies blend with the incantations of the wind.

## *Foreword*

To the casual reader the following pages suggest but a picturesque year taken from the swiftly moving caravan of middle-western school life. Yet, he who enacted the drama of this yearbook will perhaps poignantly recall the daily classroom banter, the school newspaper battered in the throes of opinion, the bi-weekly club meetings, the footlight debut of stage-struck heroes. We sincerely hope that each page will be a lasting graphic reflection of school days, a pictorial record that will awaken happy memories.

## *Dedication*

We dedicate our yearbook to the spirit of good fun, to that spirit best exemplified by the late cowboy-humorist, Will Rogers, to that fun-loving spirit which enables us to laugh with humanity even when wounded by life, to the joy and merriment that free the earth from the monotony of duty, and to the instinctive humor which spares embarrassment for the wise and opens new lives for those who have experienced anxiety. To this ideal of fun because it creates a life worth living, we dedicate our 1936 yearbook.

## SENIOR COUNCIL

TOP Row: *Phyllis Davidson, Veikko Tiikkainen, Miss Runnels, Harry Hendrickson.*

BOTTOM Row: *William Hall, Helen Haug, John MacRae, Ruth Colander.*

Headed by John MacRae as president, the Senior Council began action in the fall with the formation of a project having a twofold purpose: first, to promote courtesy in the school, and second, to urge conservation of school property. A courtesy assembly and a test of manners were given by the Courtesy Committee with Hazel Conaway as chairman, and action to instill respect for school property in the student body was supervised by the Conservation Committee, headed by Howard Mattson as chairman. In conjunction with Class Day, a senior "Coffee An" was held in April. The last major events of the school year, the Honor Day assembly, the Senior Banquet, and the Commencement exercises, completed the work of the Council.

**PERTINENT FACTS CONCERNING SENIORS**

The 1936 Minnesota State Champion in oratorical declamation is a member of the senior class.

An average of 5.0, or a perfect straight A record, is the achievement of the valedictorian.

A member of the senior class won two first places in the 1936 Boys' State Swimming Meet.

One of the senior boys is a member of the National Hi-Y Committee that is promoting the National Hi-Y Congress to be held at Berea, Kentucky on June 20-24. He is also president of the Northern Minnesota Older Boys' Conference.

Thirty-four members of the class belong to the National Honor Society.

Seventeen girls and thirteen boys have won major athletic letters.

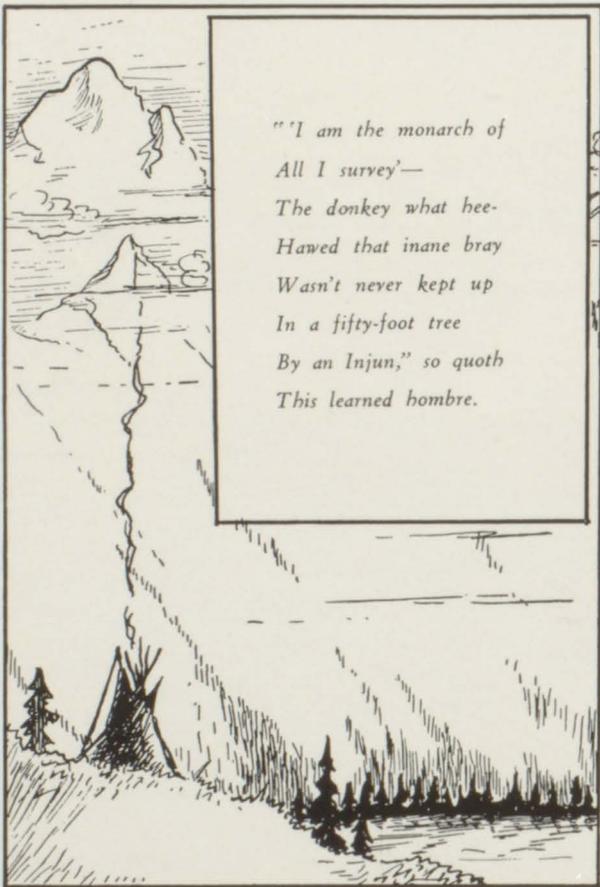

The class colors are blue and gold; the class flower, the Talisman Rose.

A poll of the class showed a preference for Zane Grey, William Shakespeare, Jack London, and Charles Dickens among the authors.

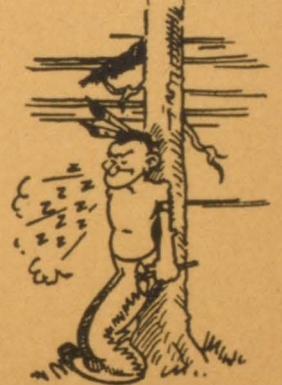

Over a fifth of the class members wear glasses, probably indicative of intensive study.

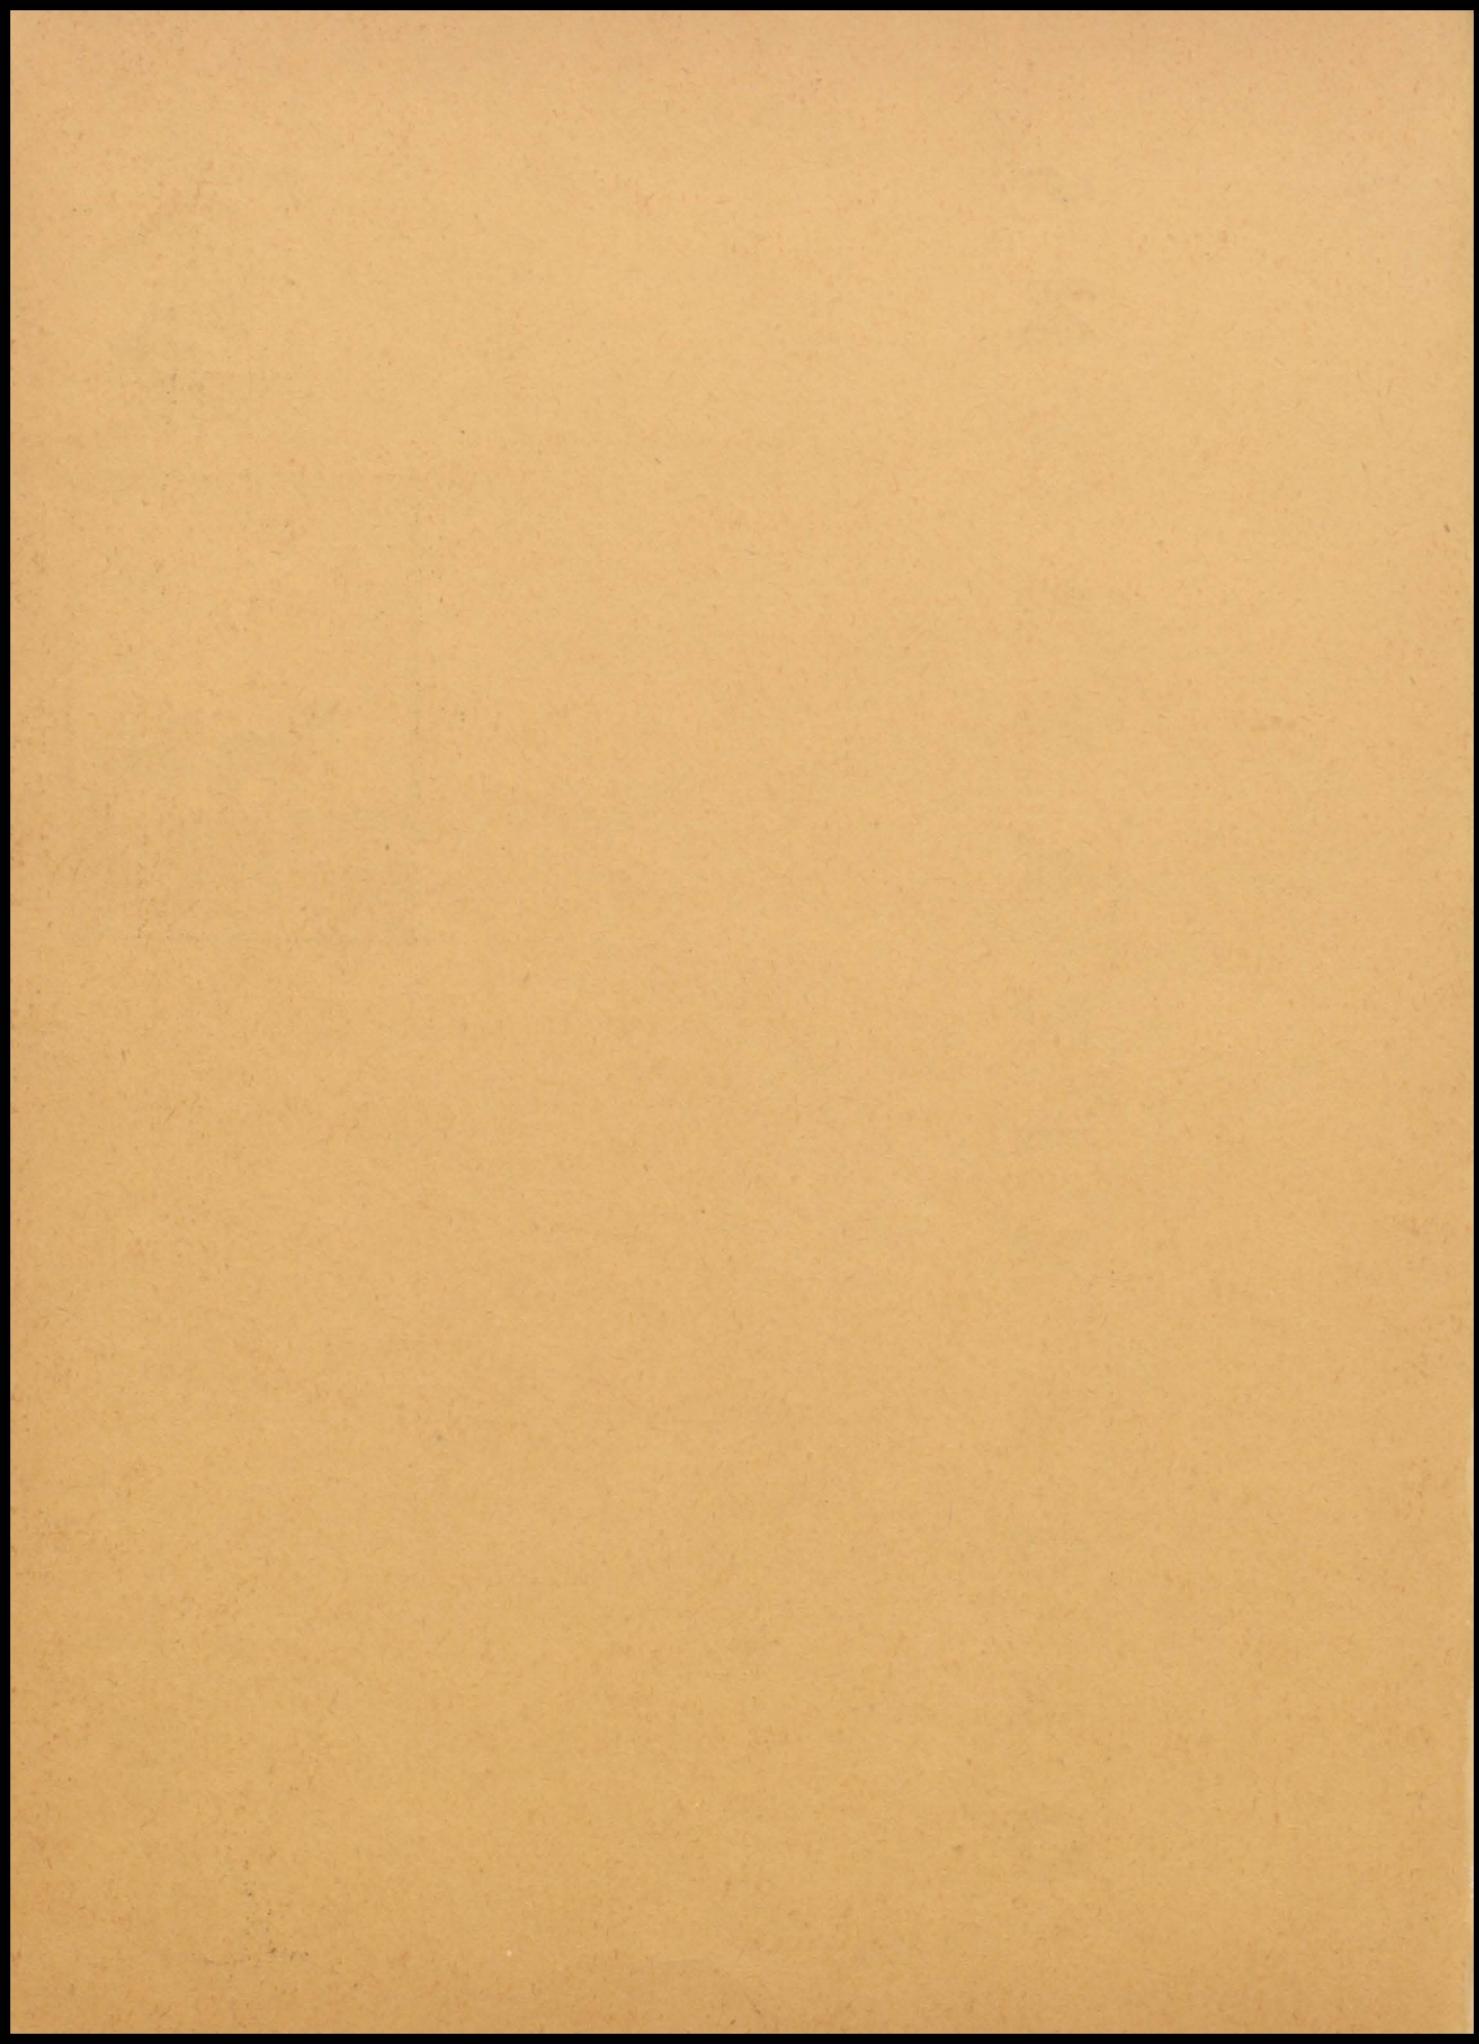

Girls outnumber the boys, on the class roster, almost two to one, with a total of 138 girls compared to 88 boys.

This learned hombre.*

Elected to office were Phyllis Davidson, president; Robert Hakala, vice-president; and Ruth Colander, secretary.

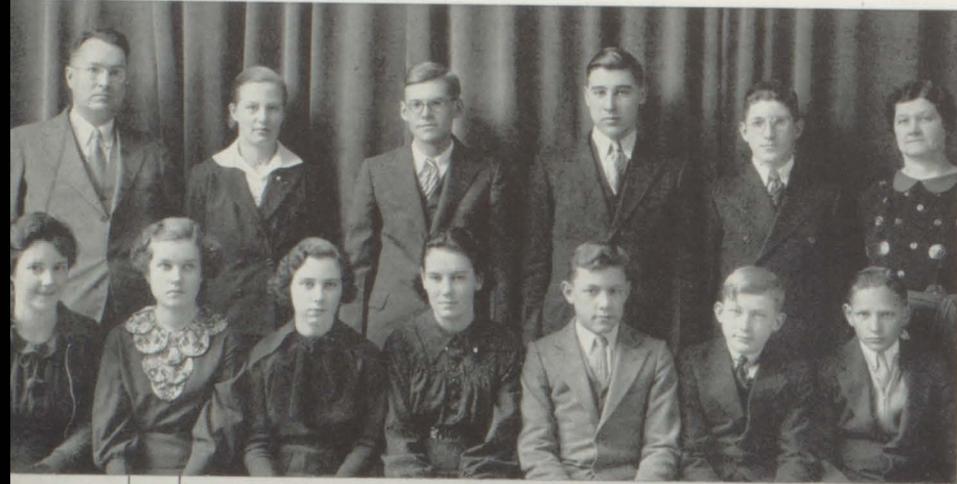

*Quill and Scroll*—In Virginia High School, the Quill and Scroll Society is not an active organization; it is, instead, an acknowledgement of outstanding journalistic work, an honor that entitles the editors to membership in an international society, to subscription to the official magazine, and to participation in various national writing contests.

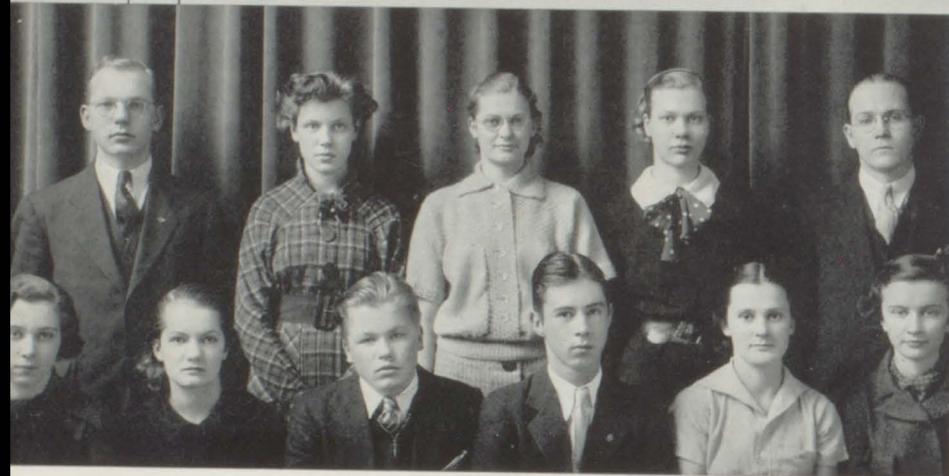

## STUDENT COUNCIL

### DEBATE

Top Row: Mr. Slette, Duhant, Laitinen, Bertolas, Harris, Miss Aure. Bottom Row: Stodghill, Walkama, Johnson, Bohan, Robinson, Tipping, Sirola.

Top Row: Benson, Rothnem, Stowell, Larsen, Mr. Leyden. Bottom Row: Johnson, Fulton, Freeman, Guild, Hughes, Darin.

*Student Council*—Acting as truly representative members of the governing council, these students held heated sessions over the distribution of awards. The Student Council accomplished as its main objective the presentation of a point system which encouraged participation in extra-curricular activities and thus promoted better school citizenship.

*Debate*—Debates on the state topic, namely "Resolved, that the several states should enact legislation providing complete medical care for all persons at public expense," and on issues of local interest were held with Aurora, Gilbert, and Biwabik. For the most part, two-men teams were employed. Everyone interested had the opportunity to debate.

*News Staff*—The newshound is traditionally pictured as an enthusiastic reporter who is no respecter of reputations or deadlines or as a weary and ink-stained editor. Such a picture is obviously far-fetched when applied to embryo journalists, whose work on school publications has merely introduced them to the rigours and romance of editing.

*Annual Staff*—Dreamily turning the pages of a treasured annual, the graduate lives anew his school days. Occasionally, a smile radiates his face as the picture recalls some happy incident. With this ideal in mind, the editors try to produce a book which, by representing every worth-while activity, will picture the school year in its entirety.

*Orchestra*—Stimulating strains of orchestral melody lightened the hearts of music lovers as musicians skillfully presented their interpretation of symphonic masterpieces. The High School Orchestra formed a large part of the Virginia Symphony Orchestra which presented a series of three winter concerts. *Girls' Glee Club*—Soft sopranos blended harmoniously with mellow contraltos to create an atmosphere of soothing melody as the members of the Girls' Glee Club displayed promising vocal talent in the operetta "The Red Mill" and the mid-winter concert. The Girls' Sextette gained merited popularity through its tuneful renditions at program meetings.

*Boys' Glee Club*—Mixing with the melodious refrains of maiden vocalists, the deep tenors and basses added a touch of masculinity to the operetta. Although the membership of the Boys' Glee Club was below that of the girls' enrollment, the boys did much to make the annual concert a success. From this group was developed the Boys' Quartette.

This group of sports enthusiasts also sponsored the annual Posture Contest and promoted a spirit of good sportsmanship throughout the school.

*Pep Committee*—"Mangle Ely!" Beginning the year with the season ticket drive, the Pep Committee climaxed its activities with the sale of Booster Badges which were worn on the days of interscholastic contests. *Ski Club*—To encourage student interest in skiing, a group of eager sportsmen organized a Ski Club early in the season. *Radio Club*—Questing the ethereal waves in search of new contacts with other operators, these amateur radio enthusiasts experienced thrills innumerable amid buzzing earphones and condensers. In its second year of activity, the club encouraged further interest in radio by undertaking the actual construction of transmitting and receiving sets.

*Junior and Sophomore Officers*—Among the leading junior activities of the year were the All-School Mixer, given in honor of the sophomores, the preparation and distribution of a Scholarship Code, and the Junior-Senior Promenade. *Tri-Hi Club*—As their guests at the annual Honor Banquet, girls of the Tri-Hi Club feted the letterwomen. Besides the banquet, they favored approximately thirty little children at a Yule party. ### FOOTBALL

Two of the highlights of a colorful 1935 football season were the appointment of O. J. Eide as head football coach and the completion of the most successful grid season in fifteen years. Coach Eide, assisted by L. L. Michels and John Urick, moulded the team that won 5 games, lost 1, and tied 1, from the six returning lettermen, headed by Captain George Agriesti. Virginia opened its 1935 football campaign by trouncing the International Falls eleven 24-6. On the following Saturday, Virginia invaded Mt. Iron and ran rough-shod over a light Mt. Iron team, winning 45-7. A heavy experienced Grand Rapids team handed the local eleven its only loss of the year. It was a bitterly fought game, which, when ended, found the Eidemen on the short end of a 12-6 count. Although the team's performance in the Ely game was below par, Virginia pulled through with a 14-0 victory over the Elyites. Eveleth, Virginia's next victim, was defeated 13-0 in a game played at the Hilltop City. The Blue and White eleven revenged last year's defeat by Hibbing by taking the Big Villagers into camp with a score of 13-0. In the Gilbert game, which was played here, a fighting Virginia eleven held the highly-touted Gilbert team to a scoreless tie, thereby ending the most successful football season since 1920.

### BASKETBALL

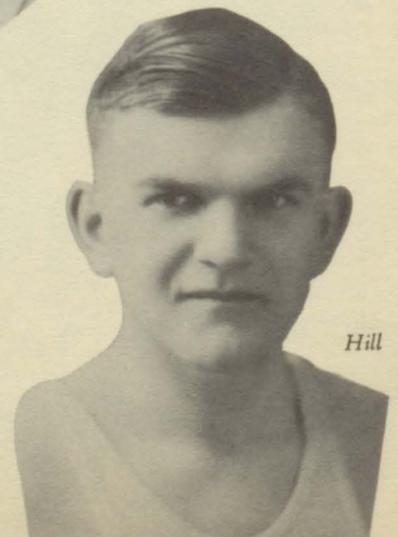

With only one veteran, Captain Clifford Gritz, to use as a nucleus, Coach L. L. Michels built up his quintet mainly of promising juniors and sophomores. The team opened the season with victories over International Falls and Ely, by scores of 29-18 and 22-15 respectively, and then suffered three defeats, losing to Ironwood, 25-18, to Gilbert, 26-22, and to Chisholm, 20-10, before coming through with victories over Aurora, 18-16, and over Eveleth, 22-13. After losing to Biwabik 19-11, and to Gilbert, 26-18, Virginia won the

"gold brick" by defeating Ely, 18-12. Eveleth was held to two free-throws as Virginia won 26-2, but Hibbing staved off a rally to down the locals 27-23, and Tower gained possession of the "gold brick" by edging out Virginia, 25-23. Virginia defeated a highly rated Grand Rapids team, 32-17, to close the regular season with a 500 percentage. In the District Tournament, Virginia defeated Mt. Iron, 29-23, and then lost to Biwabik, 26-17, in the semi-finals. The district championship went to Biwabik when they defeated Gilbert.

### BOYS' SWIMMING

Coach H. M. Boardman piloted his squad, developed around nine veterans, through a highly successful season, during which the Blue and White mermen tied for the Range championship and placed second in the State classic. During the season, the Virginia team swam to double victories over Chisholm, Ely, and Eveleth, defeated Gilbert once, and won one and lost one to Hibbing. The feature meet of the season was the one between Hibbing and Virginia, in which the Boardmanites revenged an early season defeat by edging out the Hibbing team, 38-37, and in doing so handed the Big Villagers their first defeat in three years. At the State meet, Captain Roy Kolehma won first places in the 50 and the 100 yard free-style races; Laine, Thomas, and the relay team, which was composed of McKenzie, Maki, Thomas, and Kolehma, copped second places; and Froehlingsdorf and the medley team took fourth places. Summaries of the State meet show that Hibbing with 35 points won for the third consecutive year, followed in second place by Virginia with 25 points, and in third and fourth places by Ely with 18 and Chisholm with 7 points.

### GIRLS' SWIMMING

Another successful year has been recorded in the school's annals by the girls' swimming team. For the seventh consecutive year, Virginia mermaids have reached their ultimate goal by winning the State meet. During the season, Virginia's aquatic stars, under the captainship of Phyllis Davidson, swam to victory in seven out of eight pre-state meets. In Virginia's last meet of the season, Chisholm, runner-up in the state event, won by a seven-point margin. Scores for the meets were as follows: Virginia 52, Nashwauk 23; Virginia 45, Chisholm 30; Virginia 42½, Ely 32½; Virginia 43, Eveleth 32; Virginia 48, Biwabik 27; Virginia 47, Mt. Iron 28; Virginia 42, Gilbert 33; Virginia 34, Chisholm 41. In the final test, Virginia captured the laurels emblematic of state swimming supremacy. By placing first in five events, namely, the two free-style, the two breast-stroke, and the 100 yard relay events, the team totalled a score of 36 points. In the state preliminaries, Patsy Bailey broke her own record in the 100 yard free-style by covering the distance in 1 minute, 7.4 seconds. Her former record was 1 minute, 8.4 seconds.

## TRACK

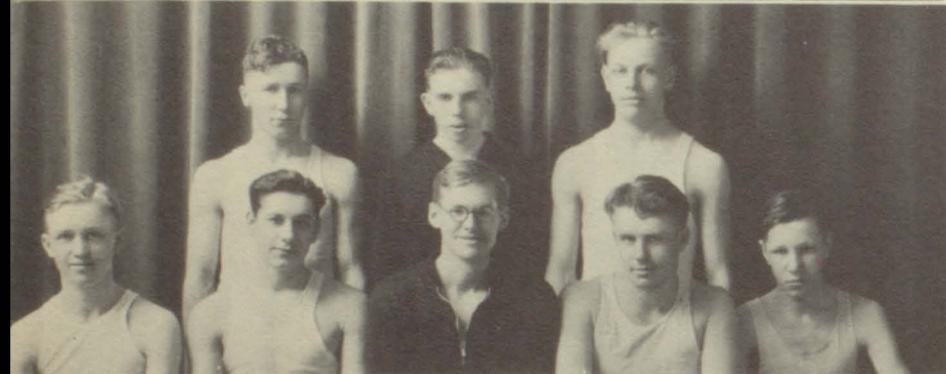

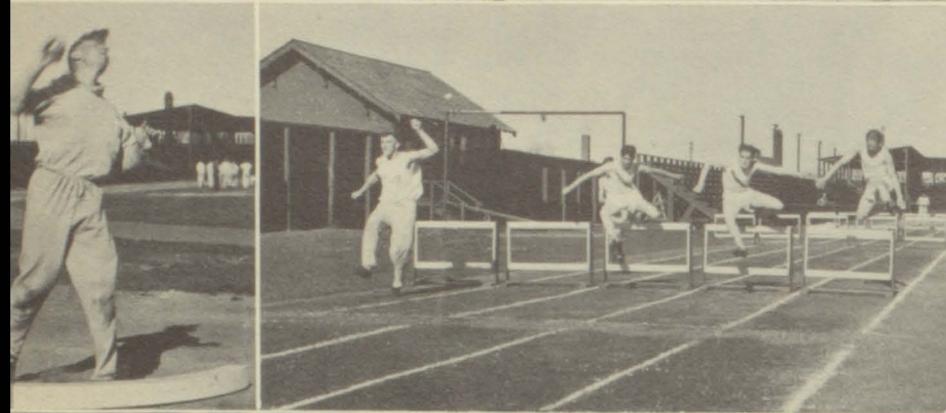

The short 1935 track season consisted of only two preliminary meets preceding the District Tournament. These two meets, in which Virginia took part, were the Eveleth Relays and the first annual Hibbing Relays. No points were awarded in either meet, but the local tracksters showed up well. The 27th District meet was held in Virginia on May 18th, and although Virginia and Gilbert both won five first places, the locals were topped in the final score by Gilbert, who totaled 68 points to Virginia's 60 $\frac{1}{2}$ , with Eveleth, Aurora, and Ely finishing in third, fourth, and fifth places respectively. At the Regional meet, in which Virginia finished third, Warren, Johnson, and Rowe duplicated their feats of the District meet by winning first places, while Nelson tied for second place. These men represented Virginia at the State meet, which was held in Minneapolis, but failed to place.

## INTRA-MURAL BASKETBALL

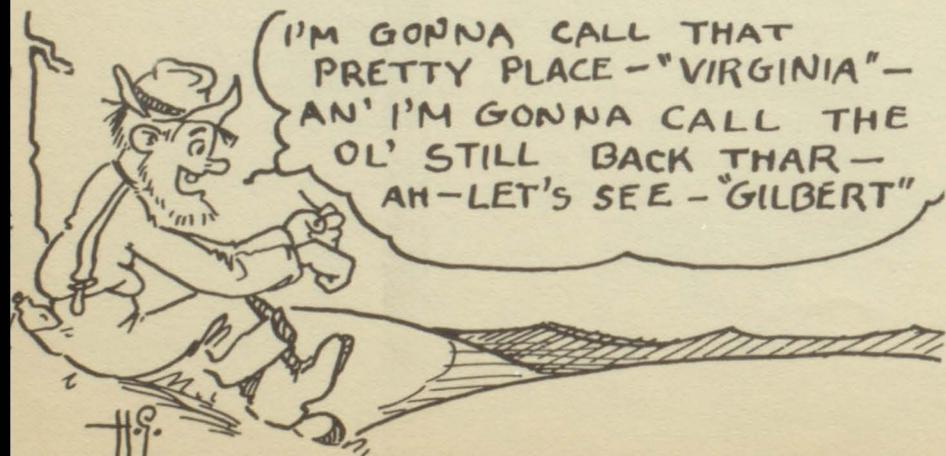

Intra-mural basketball, which was introduced on an extensive basis for the first time in the Roosevelt High school, proved to be a great success. At the end of a round-robin series of hotly-contested games, a tournament to determine the champions was held. The following teams took part: Greyhounds, Wolves, All-Stars, N. R. T. C., Black Eagles, R. S. A., and the Basketeers, with the Greyhounds, by virtue of their 15-8 triumph over the All-Stars in the finals, gaining the coveted championship.

## SOCCKER

Throbbing fingers, scuffed shins, and bruised limbs in no way hinder the popularity of this lively outdoor sport. The soccer manager this fall was Betty Waananen. Equal competition resulted in a tie for championship between the 10A and 12B teams, captained by Mary Ellen McKenzie and Dena Pazzelli.

## FIELD HOCKEY

Skillfully maneuvering hockey sticks down the field, enthusiastic players thrill to the placing of the ball over the goal line. This year's manager was Irene Wavernack, a senior. The championship was won by the ninth grade team, an outstanding accomplishment for this youngest group of players.

TOP ROW: C. Carlson, Flaim, Paulson, J. Carlson, G. Johnson, Pecarina, Kucinski, Olson, Mattson. MIDDLE ROW: Miss Lomen, M. Jaksha, C. Johnson, Giorgi, Dwyer, Anderson, Rynn, Nelson, Paul, Miss Anderson. BOTTOM ROW: Ring, Davidson, Hanz, A. Jaksha, Wavernack, Koskela, Lamberg, Monteith, Engstrom.

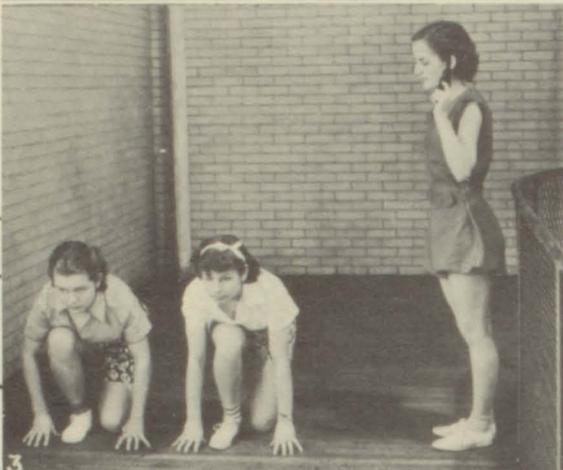

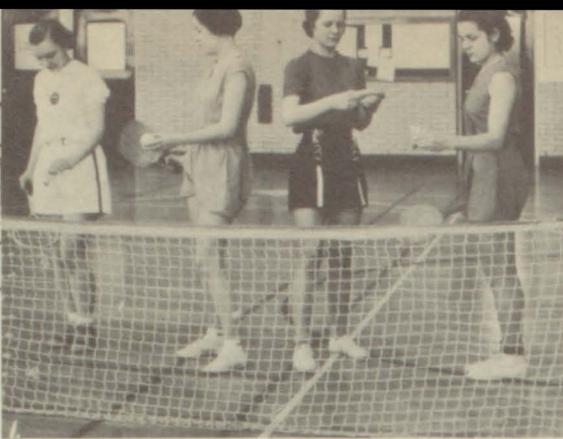

## BASKETBALL

Dodge, pivot, shoot, and a basket is made. Sundry clad teams, distinguished by their red, blue, and white pinnies, play a fast game amid the cheers of excited onlookers. The championship was won by the 11th grade Reds whose captain was Margaret Novotny. Olga Cerquettini and Julia Maistrovich were joint managers this year.

### GIRLS' SPORTS

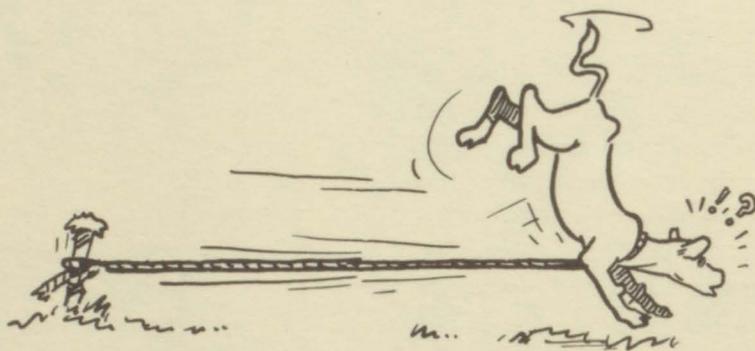

Each season of the year contributes its particular candidate to the field of sports. With respect to these seasonal sports, the choice offered to Roosevelt's feminine athletes is not lacking in variety. Pictured from left to right are: 1. Net games are popular in recreational sports. Badminton is played with a fragile racket and a bird. Paddle tennis, which is something new, is played with a wooden paddle and a ball. In deck tennis one uses a rubber ring which is thrown to an opponent on the other side of the net; and in aerial darts, one uses a wooden paddle and a bird. 2. Poised and ready for action the server takes her position. The ball must not fly into the net nor must it go out of bounds. If enrollment is proof of popularity, volleyball ranks high as one of the girls' favorites. 3. On your mark! Get set! Go! And they are off. Individual accomplishments find an outlet in track. 4. Soccer is such an invigorating sport that it is enjoyed in seeming defiance of early fall winds. A ball about basketball size is kicked and dribbled

toward the opponents' goal. 5. Table tennis requires speedy, accurate coordination of mind and body because that little celluloid ball is tricky. 6. To keep the ball in the air is the object of this game. Cage ball is a preliminary game to volleyball. 7. "You see, it's this way", the captain explains. Field hockey employs skill and strategy in guiding the ball down the field. 8. The rilling adds local color to this shipboard game. Shuffleboard fascinates many. 9. Target darts exhibit the player's skill at marksmanship. Triumphant is she whose dart wobbles uncertainly and miraculously sticks in the golden bull's eye. 10. Safe! This player has reached the home-plate in time. Baseball attracts many an athletic aspirant in the spring. 11. King Winter's disciples enthusiastically enjoy the attractions of skiing, snow-shoeing, and skating. Instructions in tennis and archery, high scorers in the spring sports' enrollment, improve skill and promote interest in these sports. 12. This quartet gives the ball its entire support. Team work is an all-important factor in basketball.
